631 Cypress Ave
Pasadena, CA 91103

Re: Outstanding Recycler Award

Dear Mr. Dervaes

Although Path to Freedom has been formally recognized for its recycling efforts through incorporating water saving techniques, organic pest management and recycling and energy conservation to create an edible landscape, I want to confirm, on behalf of the City Council, our admiration and our appreciation for this special effort.

A lot of work is involved in this special effort, as well as a lot of commitment. The City is benefited by this work, helping to make it a special community. Thank you very much, and please continue these important efforts.

Sincerely,

Bill Bogaard
Mayor

Cc: Carolyn Meredith
Recycling Coordinator
